

**SIG Komander MKII**

Plans, Templates, and Manual (templates not shown are in the manual)  
<https://wanderings-ds.jimdo.com/sig-rc-kits-21-40/>  
[https://outerzone.co.uk/download\\_this\\_plan.asp?ID=9124](https://outerzone.co.uk/download_this_plan.asp?ID=9124) (FULL SIZE PLAN CONSTRUCTED FROM THE PARTIAL PLAN AVAILABLE)

Cowl  
<http://www.fiberglassspecialtiesinc.com/catalog.htm>

Canopy (go to <http://www.parkflyerplastics.com> and search for Komander)  
[https://parkflyerplastics.com/cart/index.php?main\\_page=advanced\\_search\\_result&keyword=komander&search\\_in\\_description=1&categories\\_id=&manufacturers\\_id=&pfrom=&pto=&dfrom=&dto=&x=0&y=0](https://parkflyerplastics.com/cart/index.php?main_page=advanced_search_result&keyword=komander&search_in_description=1&categories_id=&manufacturers_id=&pfrom=&pto=&dfrom=&dto=&x=0&y=0)

**DISCLAIMER**  
 I've made every reasonable attempt to maintain accuracy of the templates, but these were simply traced out from the parts as I built the plane. Anyone with some basic modeling skills, especially with some basic SIG kits should have no problem accurately scratch building the Komander with the templates provided and the information within the instruction manual.
